

THE CLAM GARDEN NETWORK PRESENTS

# DIGGING INTO CLAM GARDEN CONVERSATIONS

An online series in 2021 to explore  
the resurgence of ancestral clam  
management practices

## EVENT 1

### INTRODUCTION TO CLAM (GARDEN) CONVERSATIONS

The purpose of this first webinar is to introduce the series and to co-create a vision for future webinars in this series that best serve coastal communities' needs and priorities. We hope to reach people who harvest clams for FSC, for commercial reasons, and for fun. That is, we encourage anyone interested in clams to join in. No previous knowledge of clams or clam management is necessary!

**APRIL 23, 2021**  
**10:00am - 12:00pm**

PLEASE REGISTER FOR THIS **FREE ZOOM** EVENT AT:

<https://uvic.zoom.us/meeting/register/tZlvdeuprzwpHdNZjmVq6bEgB4fNzJ9BwO2T>

*Registration info: Members of Nations and those who work for them will get priority registration. Registration for non tribal affiliates will open April 17th.*
